

TOWN COUNCIL AGENDA

ITEM 1 | Call to Order

ITEM 2 | Pledge of Allegiance

To be led by Mr. Thomas Stapleton, Director of WCAT.

ITEM 3 | Attendance

ITEM 4 | Approval of Minutes

A. Approval of November 13, 2019 Executive Session Town Council Meeting Minutes. Vote anticipated.

B. Approval of November 13, 2019 Regular Town Council Meeting Minutes. Vote anticipated.

ITEM 5 | Public Engagement

Any member of the public who wishes to address the Town Council is asked to arrive by 6:55 p.m. and sign in with the Clerk. Each person who is signed in will be allotted three (3) minutes to address the Council. The Chair reserves the right to extend that time. Members of the Town Council may ask any clarifying questions or make statements related to the matters presented. In the event further deliberation or action is warranted, any issues raised may be included as an item on a future Town Council Agenda.

ITEM 6 | Committee, Board, & Commission Updates

Representatives of the Planning Board to provide updates to Councilors regarding projects and undertakings, as part of an ongoing initiative for improved communication between Town Council and Committees, Boards, and Commissions.

ITEM 7 | Presentation

DPW Director Joseph Conway to provide update to Councilors and answer questions regarding recent water bill inquiries, identifying in-home issues, and assistance from Department to review any resident issues.

Edward F. Dombroski, Jr., Chair
Ann McGonigle Santos, Vice-Chair
Mehreen N. Butt
Jonathan P. Chines
Paul R. DiNocco
Peter J. May
Julie Smith-Galvin

Stephen P. Maio, Town Administrator
Sherri A. Dalton, Clerk

TOWN COUNCIL AGENDA

ITEM 8 | Appointments

A. Clean Lake Committee

Appointment of two (2) members of the public. One (1) member will have a three (3) year term. One (1) member will have a four (4) year term. Vote anticipated.

B. Retirement Board

Town Council to authorize Sherri Dalton/Town Administrator's office to advertise for a Town Council appointment to the Retirement Board. Vote anticipated.

ITEM 9 | Traffic Advisory Recommendations

Representative of the Traffic Advisory Committee to present recommendations for a "No Parking Here to Corner" sign pointing north toward Dunkin Donuts and Nahant Street; approval of additional streets for residential parking permits; a stop sign at the intersection of Hawes Avenue in Wakefield and Hawley Road in Melrose. Votes anticipated.

ITEM 10 | Licenses

A. The Scholarship Foundation of Wakefield, Inc.

Applicant seeks approval for a one-day liquor license for an event on January 25, 2020 from 6:00 p.m. until 11:00 p.m. at St. Joseph's Church Parish Hall. Vote anticipated.

B. Common Victualler Renewal Applications

Applicants seek approval for 2020 Common Victualler licenses. Vote anticipated.

C. Liquor Renewal Applications

Applicants seek approval for 2020 Liquor licenses. Vote anticipated.

D. Lodging House Renewal Applications

Applicants seek approval for 2020 Lodging House licenses. Vote anticipated.

E. Entertainment Renewal Applications

Applicants seek approval for 2020 Entertainment licenses. Vote anticipated.

F. Fortune Teller Renewal Application

Applicant seeks approval for 2020 Fortune Teller license. Vote anticipated.

G. Automated Devices Renewal Applications

Applicants seek approval for 2020 Automated Devices licenses. Vote anticipated.

H. Class II Renewal Applications

Applicants seek approval for 2020 Class II licenses. Vote anticipated.

TOWN COUNCIL AGENDA

I. Class I Renewal Applications

Applicants seek approval for 2020 Class I licenses. Vote anticipated.

ITEM 11 | Constituent Issues

Councilors have opportunity to briefly report any issues raised by constituents that are not included on current Agenda. No votes will be taken at this time, but items may be included on a future Town Council Agenda.

ITEM 12 | Chairman's Comments

Chairman Dombroski to offer brief comments on:

A. Extended deadline for Town Council's appointment to Human Rights Commission.

B. Establishment of a banner request protocol/policy.

ITEM 13 | Videoing of Meetings

Status update regarding the timeframe for video capabilities for Boards/Committees/Commissions meetings at Town Hall.

ITEM 14 | Gift Acceptance

Lucius Beebe Memorial Library

Library Trustees seek approval to accept and expend a gift or gifts to the Library from various donors with thanks. Vote anticipated.

ITEM 15 | Liaison Updates

Councilor to provide updates in their various appointed liaison capacities.

ITEM 16 | Matters Not Anticipated for Agenda

Any matters not anticipated prior to the 48-hour public notice requirement but necessitating immediate action by the Council.

ITEM 17 | Announcements & Acknowledgements

Town Councilors, Town Administrator, Town Counsel, and Clerk may offer recognitions and notices to the public.

ITEM 18 | Adjournment

Vote anticipated.

Next Regular Town Council Meeting: December 09, 2019 @ 7:00 p.m., WCAT Studios, 24 Hemlock Road, Wakefield

1 Lafayette Street Wakefield, MA 01880

www.wakefield.ma.us

781.246.6390

WAKEFIELD TOWN COUNCIL

Wednesday, November 13, 2019

6:30 P.M.

WCAT Studios, 24 Hemlock Road, Wakefield, MA. 01880

COUNCIL MEMBERS PRESENT:

Councilor Edward F. Dombroski, Jr., Chair
 Councilor Ann McGonigle Santos, Vice-Chair
 Councilor Mehreen N. Butt
 Councilor Jonathan P. Chines
 Councilor Paul R. DiNocco
 Councilor Julie Smith-Galvin

ADMINISTRATION PRESENT:

Clerk Sherri A. Dalton
 Town Administrator Stephen P. Maio
 Town Counsel Thomas A. Mullen

COUNCIL MEMBERS ABSENT:

Councilor Peter J. May

----- TOPICS OF DISCUSSION -----

Call to Order

Councilor Dombroski called the meeting to order at 6:30 p.m. and stated there is a need for Executive Session to discuss Woods Subdivision litigation, Opioid litigation and DPW Laborers contract because an open meeting may have detrimental effects on the bargaining position of the Town, with the intent of returning to open session. Councilor DiNocco so motioned. Councilor Santos seconded. Motion passed on a roll call vote with all six councilors voting in the affirmative.

The Council returned to open session at 7:05 p.m.

Pledge of Allegiance

Leading the body in the Pledge of Allegiance was Jay Pinette, a retired US Marine as a master gunnery sergeant and longtime Wakefield resident. Mr. Pinette is currently the Veteran Service Officer for the Town of Saugus and he is the Chairman of the Wakefield Veteran Advisory Board.

Attendance

Councilor Dombroski noted that six (6) Councilors were present as well as Madam Clerk, Town Administrator and Town Counsel. Councilor Peter J. May was absent.

Approve of Minutes – October 28, 2019

Councilor Santos motioned to approve the October 28, 2019 Executive Session Minutes as presented. Councilor DiNocco seconded. Motion passed 6-0-0.

Councilor DiNocco motioned to approve the October 28, 2019 Regular Meeting Minutes as presented. Councilor Santos. Motion passed 6-0-0.

Public Engagement

There was no public engagement.

**Veteran
Advisory
Board Update**

Jay Pinette, Chairman of the Veteran Advisory Board presented a brief overview of the tasks, projects and undertakings of the Veteran Advisory Board. The Wakefield Veteran Advisory Board was established in 2012 to provide recommendations to the Town Administrator and oversee the operations of the Wakefield Veteran Services Office. The Board brings accountability and provides a strong veteran voice to policies and procedures affecting Wakefield veterans. Mr. Pinette stated that the VAB does not really provide oversight to the VSO. The Wakefield VSO is a part-time 18 hour employee of the City of Melrose and Melrose is the headquarters of a district that is comprised of Melrose, Wakefield and Saugus. The Wakefield VAB is comprised of 7 members in which five (5) are veterans and two (2) are non-veterans. The VAB would like to increase the number of board members in order to provide more coverage for the VSO office. Wakefield does not have most of the fraternal organizations for veterans that other cities and towns have. There are no posts for the VFW, DAV or American Legion and outreach and visibility are important components in the benefit provision process for our veterans. A larger and more engaged VAB could assist the VSO with activities. Wakefield VAB assists the VSO with their monthly food pantry program that veterans and their families can take advantage of; they assist eagle scouts on their projects; participate in Wakefield 101; Festival Italia; Holiday Stroll as well as assisting Wreaths Across America, a program that members of the public or organizations have the opportunity to not only sponsor wreaths monetarily but can also volunteer at Forest Glade Cemetery placing wreaths on graves. Chairman Dombroski stated that there will be links and information on the Town's website for anyone that is interested in taking part or donating wreaths. The Council congratulated Mr. Pinette and the VAB for the Veterans Day ceremony this past weekend and thanked them for all the work they are doing.

Chairman Dombroski called for a moment of silence for Worcester Fire Lieutenant Jason Menard who died in the line of duty today.

**Ambulance
Contract**

Chief Skory, Chief Sullivan, and Emergency Management Director Tom Walsh presented Cataldo Ambulance as their recommendation for the ambulance contract. Mr. Walsh stated a Request for Proposals (RFP) was sent out on September 1, 2019. By the October 16, 2019 deadline, the five companies that submitted proposals were: Action Ambulance, Armstrong Ambulance, Fallon Ambulance Service, Brewster Ambulance Service and Cataldo Ambulance. The primary focus was to determine which company could provide the best emergency medical dispatch. Cataldo Ambulance has dispatch centers in Malden and Peabody with 19 trained dispatchers. They use the latest dispatch software which tracks the history of calls by address so that ambulance personnel can be better prepared on arrival. In terms of response, all of the companies were about equal but a couple of the companies would not quite meet the town's needs in terms of coverage. Cataldo Ambulance had more to offer in the way of resources than the other companies and their ambulances will be stationed in Wakefield at all times. Councilor DiNocco said that he would like to have seen all the proposals ahead of time in order to make a more informed decision and would be either abstaining from the vote or voting no due to the process. Town Administrator

Maio noted that he did send out a memo twice inviting councilors to come to the office and review the proposals. Councilor Chines noted that he reviewed the RFP's and that the process was thorough. Councilor Santos said that she also reviewed the proposals and was comfortable with both the process and the recommendation. Chairman Dombroski said that he too reviewed the proposals and that the town should be seeking RFPs as a standard operating procedure when contracts are set to expire (in this instance, in three years). He also stated that Action Ambulance has served the town well for the last 20 years and thanked them for their service. Councilor Santos motioned to award Cataldo Ambulance for the Town of Wakefield's ambulance service with a three-year contact from 2019-2022. Councilor Chines seconded. Motion passed 5-1-0 with Councilor DiNocco voting against the motion.

MWRA Bond

The Town Council took no action with the proposed MWRA Bond as the proposed Bond is being revised and will be presented at a future Town Council meeting.

DPW Laborers Contract

The Town Council was presented with a three-year DPW Laborers Contract for 2019-2022. The Collins Center was contracted to establish job classifications, a salary study and better job descriptions. There is better language in this contract regarding overtime, people working out of grade, qualifications and designations. This proposed contract splits three percent's for this fiscal year and the next fiscal year and a straight 3 percent on July 1, 2021 which is consistent with all of the unions that are under agreement with the exception of the third year. The total cost in year one is \$125,323.00 with \$102,000.00 from tax levy; \$17,250.00 from water and \$6,073.00 from sewer. Consistent with the policy discussed with the Tri-Board, both DPW subcommittee and the Forecasting subcommittee of the Finance Committee had some great insights as we move all three years forward. This contract is also an Article at the Regular Town Meeting on November 18, 2019 as it needs to be funded by Town Meeting. Councilor DiNocco motioned to approve the DPW Laborers Contract as proposed. Councilor Santos seconded. Motion passed 6-0-0.

Removal of Trees on Town Property

The Town Council was presented with a proposed settlement agreement for the illegal removal of trees by Michael Thater adjacent to Crystal Lake. The proposal includes 15 trees consisting of a combination of White Pines and 1-1.5 inch caliper deciduous trees (scarlet oaks, red oaks and birches) for a cost of between \$103.50 and \$137.50 per tree for a total of \$2,000.00; 15 larger deciduous trees (scarlet oaks, red oaks and birches) for \$300.00 each for a total of \$4,500.00 and the landscaper cost to clean the area and plant the trees \$3,000.00 for a grand total of \$9,500.00. The Town Administrator will work out a payment schedule with Mr. Thater with the understanding that the cost of the 15 smaller trees and landscaping fees be paid now so that the town can replace the affected area with trees prior to the winter. Councilor DiNocco motioned to accept the proposed settlement as presented. Councilor Chines seconded. Motion passed 6-0-0.

**Electric Vehicle
Chargers Pilot
Program**

A PowerPoint presentation was presented by Councilor Smith-Galvin to the Town Council. If adopted the Wakefield Municipal Gas and Light Department will donate three (3) Electric Vehicle (EV) charging infrastructures, two (2) Level 2 chargers and one (1) Level 3 charger with the objective of attracting people to the downtown and encouraging EV adoption and usage. The Level 2 charger is the typical EV plug most commonly installed in homes and garages. Most public charging stations are Level 2 and can accommodate two (2) EV charging at the same time. The EV can be fully charged in 5 to 11 hours. The Level 3 chargers are also known as DCFE or DC Fast Chargers and accommodate one (1) EV. These charging stations are the quickest way, 30 minutes to 1 hour to fully charge a vehicle but not every EV can charge at Level 3 chargers. Chargers and availability are identified on ChargePoint Map/App and drivers will "check in" with a swipe pass backed with a credit card on file. Drivers have the availability of tracking their charge progress on the app while enjoying Wakefield. When the EV is charged drivers can move their car then or when the permitted parking period is up. Cars that overstay permitted parking period will be automatically assessed an overtime parking fee, as they will be subject to the same existing parking enforcement regulations. A cost passthrough rate option was discussed where the charge is as close to real costs as possible which is revenue neutral to the town. One (1) Level 2 charger was proposed with two parking spaces at the Americal Civic Center lot off of Armory Street, and one (1) Level 2 charger with two (2) parking spaces at Veterans Field by Hall Park. The Level 3 charger was proposed with one parking space at the Main & Water Street lot. The proposed parking spaces will not affect any Merchant/4 Hour Parking spaces. The responsibility for maintenance and costs of this operation will fall under the Town Administrators office. Councilor DiNocco motioned to accept the gift, set the rates that will be covered by users, adopt a one (1) year pilot program that would be tracked in conjunction with MGLD to be reviewed by the Town Council in a year's time (December 2020) and approve the three (3) locations as proposed. Councilor Chines seconded. Motion passed 6-0-0.

**Constituent
Issues**

Councilor DiNocco stated that he has been contacted a few times regarding water & sewer bills and thought a forum would be helpful; there is some concern regarding activity of children in various locations and questioned policing; asked if the Council of Churches has ever been approached to help the number of individuals in the downtown by offering them a place to be instead of on the streets. Chairman Dombroski asked Councilor DiNocco to follow-up with Chief Skory regarding the second and third issue as Councilor DiNocco is the liaison to the Police Department. As for the water and sewer issue, very often it is usage or there is a leak that impacts higher bill amounts. Chairman Dombroski asked the Town Administrator to follow-up on this and report any findings at the next Town Council meeting. Councilor Chines asked for helpful tips to be added to the DPW page on the website.

Councilor Smith-Galvin asked for an update at the next Town Council meeting on the timeframe for videotaping public meetings.

**Chairman's
Comments**

With respect to the budget process, we are beginning to approach things differently, in a more proactive manner, with budgeting and negotiations. Going forward, the plan is to bring in the Forecasting Subcommittee of the Finance Committee and respective Town Council and Finance Committee Subcommittee liaisons to meet with department managers and/or the Town Administrator to discuss and review various budgets earlier on in their development. The plan also includes an invitation to the respective Finance Committee Subcommittee members to attend and participate at the Town Council meeting where a particular budget is presented.

Recognition for the work of the Content and Communications Manager for working with the Subcommittee of the Public Safety Building Re-Assessment Committee in formulating information and messaging to the community so that there is clear and complete information relative to this potential project.

On November 22, 2019 from 8:00 a.m. until 9:00 a.m. constituents will have the opportunity to meet with the Town Councilors at Brothers Deli and Restaurant on Main Street.

**Banner
Request**

Councilor Santos motioned to approve the request of the Wakefield Community Partnership to hang a banner on Main Street from November 26, 2019 through December 09, 2019. Councilor Chines seconded. Motion passed 6-0-0.

**Gift
Acceptance**

Councilor Santos motioned to accept and expend a gift or gifts to the library in the amount of \$548.00 from various donors with thanks. Councilor DiNocco seconded. Motion passed 6-0-0.

Councilor Santos motioned to accept and expend a gift or gifts to the Council on Aging in the amount of \$2,680.00 from various donors with thanks. Councilor DiNocco seconded. Motion passed 6-0-0.

**Surplus
Equipment**

Councilor DiNocco motioned to authorize the Department of Public Works to auction surplus equipment as proposed. Councilor Santos seconded. Motion passed 6-0-0.

Appointment

Councilor Santos motioned to authorize Sherri Dalton/Town Administrators' office to advertise for a new member to the Finance Committee to fill the remainder of a three-year term ending June 30, 2020. Councilor DiNocco seconded. Motion passed 6-0-0.

Warrants

Councilor Chines signed Warrant #14 dated October 01, 2019 through Warrant #18 dated October 29, 2019.

**Matters Not
Anticipated for
Agenda**

Councilor Butt raised a question regarding personal information being included in the meeting materials. It was confirmed that Social Security Numbers and Tax Identification Numbers are already not included in the meeting materials but other information is considered public information. Town Counsel Mullen stated

that every document made or received in your official capacity is a public document.

Announcements & Acknowledgements

Councilor Chines – on November 16, 2019 from 9:00 a.m. until 11:00 a.m. he will have office hours at the Library in the Trustees Room; Student Opportunity Act continues to work its way through the legislature; congratulations to the FOLQ for a successful breakfast on Saturday

Councilor Dombroski – congratulated the Boys and Girls Club of Wakefield and Stoneham for a tremendously successful Gala on Friday evening; recognized and thanked Representative Brodeur for his service and on becoming Mayor in Melrose

Councilor Butt – Wakefield 101 is Thursday November 21, 2019 from 6:30 p.m. until 8:00 p.m.; Town Meeting is Monday November 18, 2019 at 7:00 p.m.; on November 16, 2019 from 11:00 a.m. until 1:00 p.m. she will have office hours at the Library in the Trustees Room; the Interfaith Thanksgiving is Tuesday November 26, 2019 at 7:00 p.m. at the First Parish Congregational Church

Councilor Smith-Galvin – there will be a showing of the film The First Day on November 20, 2019 at 7:00 p.m. at the Galvin Middle School; on Sunday November 17, 2019 she will have her office hours from 3:00 p.m. until 5:00 p.m. at the Library in the Trustees Room

Adjournment

At 9:29 p.m. Councilor DiNocco motioned to adjourn. Councilor Santos seconded. Motion passed 6-0-0.

Next Council Meeting

The next regular Town Council meeting is November 25, 2019 at 7:00 p.m. at WCAT Studios, 24 Hemlock Road, Wakefield

Respectfully submitted,

Sherri A. Dalton, Executive Assistant

TOWN OF
WAKEFIELD
MASSACHUSETTS

Wakefield Planning Board

Updates to Town Council

November 2019

Planning Board, Defined

- Established under M.G.L. Chapter 41, §81A
- Elected five member body with the powers and duties to carry out the provisions of the subdivision control laws
- Holds regularly scheduled meetings and public hearings on the second and fourth Tuesday of each month
- Acts as a special permit granting authority as defined in Town's bylaws
- Responsible for preparing, adopting and issuing a Master Plan

Planning Board Members & Support

- William L. Spaulding, Chair
 - Matthew Lowry, Vice Chair
 - William M. D'Amore
 - Paul J. Semenza
 - Christopher Fowlie
-
- With the support from our Town Planner – Paul Reavis, Town Engineer – William Renault and Secretary – Linda Donaldson

Planning Board's Role

- Study the resources, possibilities, and needs of our Town
- Regulate the subdivision of land within our Town by the enactment of rules and regulations
- Make recommendations at Town Meeting on all proposed warrant articles which affect land use and development, including, but not limited to, proposals to amend the zoning bylaw and zoning map

Planning Board Activity – 2018

- 291 Salem Street
- 107 Prospect Street
- Closeout Gates of Greenwood
- ANR (81P Approval Not Required) Plan
 - 22 Lake Street
 - Tarrent Lane
 - Lancaster Road
 - 11 Ossipee Lane
 - Lovis Ave

Planning Board Activity – 2019

- 0 Forrest Street / Lovis Avenue Extention
- Wildwood Street, 7 Glendale Avenue
- 5 Glendale Avenue, 0 Ossipee Lane
- 107 Prospect Street (Definitive Plan)
- Montrose School Lane – Restrictive Covenants
- ANR (81P Approval Not Required) Plan
 - 223-229 Oak Street
 - 706 Main Street

What is an “ANR”?

- Subdivision Control Law, Chapter 41, sections 81K-81GG, MGL, enacted in 1953 for the recording of **approval not required** plans
- Provisions for endorsement are found in Section 81P
- If our Planning Board determines that a plan does not require approval under the Subdivision Control Law, it should immediately, without a public hearing, endorse the plan
- Automatic approval of a properly submitted plan will occur if the Planning Board fails to act within 21 days
- Once endorsed our Planning Board cannot rescind the ANR plan

Planning Board Activity – Subdivision Rules and Regulations

- Updated Town of Wakefield Subdivision Rules and Regulations, section §320-4 for ANR Plans
- Revision require submission to contain specific information for proper review and endorsement
- Board updated requirements to be consistent with surrounding towns

Planning Board Activity – Subdivision Rules and Regulations

- Reviewed local trees, locations and species through places such as Mount Auburn Cemetery and the Arnold Arboretum
- Invited DPW (Dennis Fazio) to our meeting to learn about current trees and recommendations
- Provided a list of suggested street trees
- Amended §320-25 Planting to include a specific list of trees

Planning Board Activity – Market Assessment & Business District Composition Analysis for Downtown

- Worked collaboratively with a small group organized by our Town Planner and facilitated by Peg Barringer from Fine Point.
- Conducted an initial market assessment and business district composition analysis.
- Provided research studies for downtown vibrancy-maintaining strategies.

Planning Board Activity – Albion Arts Corridor

- Economic Development Strategy through a Grant Program
- MAPC (Metropolitan Area Planning Council) Staff worked with many parties, including our Town Planner and members of our Planning Board
- Study provided options to position Albion Street as a Focal Point for an Arts & Culture District

Planning Board Activity – Walkable Wakefield Zoning Change

- Many years of effort by the Town Planner and DPW
- November 2015, Town Meeting approved Article 12, amending §190-32 MULTIFAMILY Dwelling, mixed-use development
- Amendment allows increase in residential density for mixed-use projects in Business and Industrial Zones by Special Permit
- Strategy is to improve Wakefield's walkability 2500 feet of a commuter rail station, a convenient 10 minute walk
- Approval in conjunction with the Complete Streets strategy

Planning Board Activity – Envisioning Wakefield

- Downtown Revitalization Pre-Design Phase
- Members Participated in Focus Groups led by VHB
- Attended Planning Meetings
- Attended Public Meetings
- Planning Board as a whole has not officially made recommendations to endorse or approve final plans

Simple Saving Tips
IN THE HOME

- Fix leaky faucets, pipes, toilets and save hundreds of gallons per week.
- Turn off the tap while you brush your teeth, shave, or do dishes.
- Don't flush the toilet needlessly.
- Run dishwashers and washing machines only when full or adjust the water level setting accordingly.
- Keep a jug of drinking water in your refrigerator to avoid running water until it is cold enough to drink.

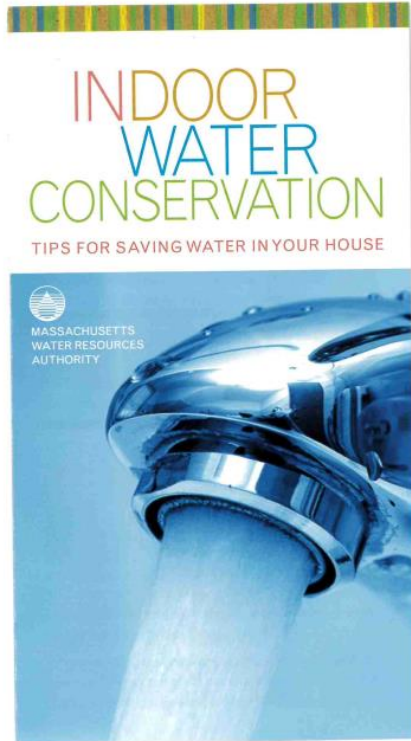

MWRA has teamed with EPA's WaterSense program to decrease indoor and outdoor water use through water-efficient products and simple water-saving practices, and to reduce water bills. For more information on WaterSense, and for a full list of labeled products and WaterSense irrigation partners, visit www.epa.gov/watersense.

The Massachusetts Legislature created MWRA in 1965 to manage and modernize water and sewer services for 2.5 million people and 5,500 businesses in 61 communities. While the Boston Harbor Clean-Up and the Integrated Water Supply Improvement Program are the best known projects, MWRA also maintains over 400 miles of water pipes, aqueducts and tunnels and over 240 miles of sewers.

For tips on how to use water more efficiently outdoors, see our brochure - **OUTDOOR WATER CONSERVATION** or call 617-242-SAVE.

SUPPORT | VALVES

WHY DOES MY SPRINKLER LEAK WATER WHEN THE SYSTEM IS TURNED OFF?

READ ARTICLE

There are two reasons why a sprinkler will leak water when the system is supposed to be off.

- The most common reason is called "Low Head Drainage". "Low Head Drainage" occurs when the lowest head on a zone allows water to drain from the lateral piping, out of the sprinkler. If it is low head drainage, residual water will stop flowing after all the water has left the pipe.

The solution is to install check valves, such as the HCV, on sprinklers and lateral lines.

- The other reason may be water leaking through the zone valve (a check valve in the sprinkler will not fix this leak). The most common reason why water leaks through a valve is because there is debris obstructing the valves diaphragm.

Hunter sprinklers are also able to have check valves added in the field after they are installed.

If the zone valve for that particular station is diagnosed as the problem then the solution is:

1. disassemble the valve

2. rinse all the parts with clean water

3. re-assemble the valve.

You may need to replace the diaphragm assembly if there is visible damage.

Each device contains parts subject to age and wear

Toilets can experience poor sealing of flappers and malfunctioning fill mechanisms causing silent overflow

Sprinkler systems are subject to environment elements outside the control of the home

A few gallons of water in the kitchen, a few dozen in the bathroom, a few hundred on the lawn - it adds up quickly.

**TOWN OF WAKEFIELD
DEPARTMENT OF PUBLIC WORKS
WATER DIVISION
(781) 246-6318**

Handy Tips To Conserve Water

- Take shorter showers
- Only do full loads of wash
- Run dishwasher when fully loaded
- Water lawn & garden early A.M.

**Water costs money...
don't waste it!**
A dripping faucet or fixture can waste 3 gallons a day...a total of 1095 gallons a year.

	U.S. Equivalent	Metric Equivalent
Fluid oz.	8 fl. drams (1.804 cu. inches)	29.573 milliliters
Pint	16 fl. oz. (28.875 cu. inches)	0.473 liter
Quart	2 pints (57.75 cu. inches)	0.946 liter
Gallon	4 quarts (231 cu. inches)	3.785 liters

Waste per quarter at 60 psi water pressure

Diameter of stream	Gallons	Cubic Feet	Cubic Meters
1/4"	1,181,500	158,000	4,475
3/16"	666,000	89,031	2,521
1/8"	296,000	39,400	1,115
1/16"	74,000	9,850	280

A continuous leak from a hole this size would, over a three month period, waste water in the amounts shown above.

Diameter of Stream	Cubic Feet
1/4 inch	158,000
3/16 inch	89,031
1/8 inch	39,400
1/16 inch	9,850

based on 60PSi water pressure

Bill Update

- ▶ After July Billing DPW began fielding phone calls about “math not adding up”
- ▶ IT was consulted to itemize bill
- ▶ Vendor was brought in to manipulate the software programming to itemize billing lines and further promote transparency
- ▶ Project completed for January Billing Cycle

To: Sherri Dalton
Subject: Clean lake committee - resident member
Attachments: Brie Reynolds Resume 2019.pdf

Hello Sherri,

I'm writing to express my interest in being one of the two resident members of the Clean Lake Committee in Wakefield.

My family and I moved to Wakefield two and half years ago and have fallen in love with the town. I grew up living on a lake in Upstate NY, near Syracuse, and Lake Quannapowitt was one of the main reasons we wanted to settle in Wakefield. I have two young children, 6 years and 16 months, and would be thrilled to support the work of this committee in the hopes of creating an even brighter future for them and all of the families and residents of the town.

Over the last several years, I've become interested in conservation, environmental protection, water wise landscaping, and native gardening. I see this committee as a chance to not only expand my knowledge, but to apply that learning in pursuit of a very worthy cause.

I'm a career development professional by trade and I think many of those skills could provide value in this committee. What I lack in direct knowledge of environmental stewardship I can make up for in research, writing, and presentation skills, a collaborative attitude, and a deep interest in this town asset.

I've attached my resume and look forward to hearing more about this opportunity.

Best wishes,
Brie Reynolds

Hi Sheri

Would you please place my name in a someone who is interested in cleaning the Lake. I feel as I was on the last I will have some valuable insight to share Lennie Malvone.

I can see that Lake Quannapowitt is a vital asset to Wakefield in many ways; recreational, aesthetical, economical and health to name a few. I would enjoy being able to help bring back Lake Quannapowitt to its former beauty.

My abbreviated resume is as follows,

Education: Bachelors in Science Medical Technology /Microbiology. Boston State College 1972
Associate Degree In Nursing Lawrence Memorial Hospital School Of Nursing 1999

Work History: Present Retired

2000-2012 Nursing Last place of employment Saints Memorial Hospital Emergency /Trauma
1975-1999 Medical Technology with a specialty in Microbiology

Publications Antibiotic Resistant Serretia Marcens: Infection Control and Hospital Epidemiology, 1991
Understanding Laboratory Values for Nurses, 2000

Thank You
Mr Leonard Malvone RN C.E.N, MT(A.S.C.P)

Attachments: IAN TINKLER Resume 10-19.pdf

Dear Sherri,

My family and I have lived in Wakefield since 2005 and love the fantastic reputation our lake has here and in our surrounding communities.

While visually spectacular, it is disappointing the water quality is so poor. I would love to work with the committee to help fix this.

As my resume shows, my previous experiences with water treatment systems at EVAC, Culligan, and to a small extent Keurig, may be helpful to the team.

Please contact me if you need any further details.

I look forward to hearing from you.

Best regards, Ian

IAN TINKLER

Professional Profile

Senior Engineering Executive with a proven track record of innovative product and system design for both consumer product goods and advanced aviation technologies. International manufacturing, program and project leadership with an MBA. Exceptional strategic perspective with a unique ability to combine innovative technology with conventional products. Key player on international sales and marketing teams supporting technical sales in multiple countries. Leader in mergers and acquisition investigations, strategic business planning and developments. Exceptional skills in:

- Engineering and System Design
- Asian Manufacturing
- Business Growth
- Innovative and Creative Solutions
- Team Leadership
- On time Delivery

Professional Experience

Ian Tinkler, LCC, Wakefield, MA

2015 – Present

Consultant

Providing leadership utilizing base of world-wide business contacts & manufacturing experience. Developing high-tech products from conception to market.

Expert Witness

2015 - Present

Providing product development technical counsel to established companies, start-ups, and attorneys.

CannaKorp (startup), Stoneham, MA

2015 – 2018

Chief Technical Officer

2016 – 2018

Designed Wisp vaporizing system and created prototypes utilizing in-house 3D printing techniques and local machine shops. Worked with industrial design house to create look and style of Wisp. Identified components necessary and sourced vendors internationally. Navigated six-month search for Chinese manufacturer able to work with cannabis industry. Hired two Keurig engineers and a Keurig technician to assist in elements of design and manufacture.

Worked with three local labs to create test protocol to determine efficiency of the system. Established relationships with patent attorneys. Developed and patented Wisp and pod design. Worked with UL engineers to become the first UL-certified medical marijuana vaporizing system.

Managed production of Wisp appliance in China and pods in Germany. Managed in-house assembly of internal inserts for pod. Identified seven local vendors to design and manufacture pod-filling equipment. Communicated daily with manufacturer in China, plus video conferences twice a week. Contracted with electronic and software design engineers in China. Traveled to China frequently to lead and support design and production. Built 2,500 units and shipped to U.S. for sale in the growing medical marijuana market place.

Consultant

2015

Established concept and initiated design of Wisp, a medical marijuana vaporizer using pod technology

SmartWheel (startup), Londonderry, NH

2015 – Present

Pro-bono Consultant

Advising and mentoring a young “Dean Kamen” entrepreneur in design and manufacture of high-tech product designed to monitor distracted driving.

Keurig Green Mountain, Burlington, MA

2005 – 2015

A \$5B corporation producing a unique coffee system for the home and away from home market places

Vice President of Research and Development

Explored, developed and tested new technologies for use in the next generation of Keurig systems. Led internal development teams tasked with the introduction of new product types and teamed with domestic and international consultants on industrial design and system products.

Vice President of Brewer Engineering

Working as a key member of the executive management team, defined the technology strategy growing the business from start-up to a \$5B corporation in 10 years.

Led Mechanical, Electronics and Software teams designing and developing complex technology systems, producing over 60 different brewers on schedule with high reliability, resulting in high consumer satisfaction

Established relationships and partnered very closely with Chinese and Malaysian manufactures to produce over 5m brewers.

Culligan International, Northbrook, IL

2002-2004

A \$700M company that design and manufacture of water treatment products for worldwide applications

Director of Research and Development

Led R&D Commercial Engineering team accountable for the design of products. Key member of the commercial business strategy and customer focused teams formed to define the future business models and products; 80 product improvement identified, 70% implemented in 1st year. Teamed with the Directors of Quality and Manufacturing to develop an ISO 9001 New Product Development process and trained over 100 employees on its use

Previous Experience

Envirovac, Rockford, IL

A division of a \$2B European corporation; producing vacuum waste systems for aviation, train, marine and buildings

Director of Growth Strategies: Reporting directly to the president, identified and performed initial due diligence on 20 target companies, identified expansion markets and initiated Joint Venture discussions with a potential Germany partner

Technical Director: Developed and managed schedules and budgets in excess of \$3M for over 15 concurrent projects. Remotely managed engineers working in four countries. Won a \$700K technical aviation sale by developing new patented technology to solve a customer problem. Key member of a strategic team that identified and closed a failing operation returning the train business segment to profitability.

Electrodynamics, Rolling Meadows, IL

Small defense contractor focused on flight data recorders for military aircraft and warhead initiators for missile systems

Chief of Design: Designed warhead initiator for the Javelin and Hellfire missiles. Re-designed and certified the F22 and B2 flight data recorders. Led design reviews with the Department of Defense and prime contractors.

Sundstrand Aerospace, Rockford, IL

Leader in the design and manufacture of electric power generation equipment for commercial and military aircraft

Lead Principal Engineer: Designed and qualified the electronic motor drive packaging for the Global Express Aircraft

Lead Master Engineer: Led the mechanical design team for the 777 Flight critical power electronic supply unit. Lead Mechanical Engineer of the B2 electronics power supply system and Space Shuttle APU Control System.

British Aerospace, Stevenage, UK

Major international defense contractor

Head of Thermal Design Section: Designed thermal and optical tracking systems for missile applications

EDUCATION

Master of Business Administration, MBA

Rockford University (Rockford College), Rockford Illinois

Higher National Diploma in Mechanical Engineering, HND (Equivalent to a 4 year degree)

Hatfield University (Hatfield Polytechnic), Hatfield England

Ordinary National Certificate in Electronics Engineering

North Hert's College of further Education (Stevenage College), Stevenage England

PROFESSIONAL ASSOCIATIONS

Member of the Institute of Engineering Designers, MIED

PATENTS

Over 30 US and International patents with subjects ranging from Power Electronics and Vacuum toilets to Coffee brewing systems and Vaporizing systems

Subject: Wakefield Clean Lake Committee Interest
Attachments: 2019-1104-Kenneth Alepidis Resume for Wakefield Clean Lake Committee.pdf

Wakefield Clean Lake Committee

Although on-lake usage at Lake Quannapowitt has increased over the last several years via the summer kayak rentals and an influx of standup paddle boarders, our Lake has a long way to go until a time when Wakefield residents no longer need to hesitate at the water's edge due to the Lake's known historic contamination and existing water quality issues.

I am a 13-year Wakefield resident (formerly of Medford) who is very excited at the opportunity to play a part in restoring the Lake for safe enjoyment by all users in our community. Along with being an environmental professional, I am also an outdoorsman and father of two children who would love to continue enjoying our Lake in as many ways as possible. I feel my unique experience could be an asset to this new and exciting Clean Lake Committee, and I would like to help the committee, our community and the Lake however I can.

Please find attached my resume. Let me know if you have any questions or comments.

Thank you!

kalep227@yahoo.com

KENNETH N. ALEPIDIS, P.G.

2 Brig Street, Wakefield, MA · 617-908-3342

kalep227@yahoo.com

As a Professional Geologist, I have over 19 years of experience in the environmental consulting industry, first as a field geologist then as an environmental geologist, involved in the characterization and remediation of contaminated sediment, soil, groundwater and surface water at various commercial and institutional development projects and remediation sites.

I have been involved in a wide variety of development, regulatory compliance, and remediation projects, with extensive experience with upland and over-water field characterization programs, with regulatory compliance strategy development, remedial implementation and oversight, and with reporting under various state and federal programs; including the Massachusetts Contingency Plan (MCP), the Toxic Substances Control Act (TSCA), the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA/Superfund) and the National Pollutant Discharge Elimination System (NPDES), among others.

EXPERIENCE

2005 – PRESENT

SENIOR GEOLOGIST/SENIOR TECHNICAL SPECIALIST, HALEY & ALDRICH, INC., BOSTON, MASSACHUSETTS

As an environmental geologist, I bring extensive experience with project development, assessment and remedial implementation at various remediation and development projects involving a variety of contaminants (PCBs, petroleum/NAPL, urban fill, ammonia, metals). This includes developing regulatory strategy, developing and implementing complex field investigation programs, providing construction oversight management, reviewing and interpreting site data, developing and refining Conceptual Site Models (CSMs), and the completion of various US Environmental Protection Agency and Massachusetts Department of Environmental Protection regulatory compliance documentation.

I also provide technical support related to the sampling, characterization and evaluation on sediment and Manufactured Gas Plant remediation sites, and with temporary construction dewatering permitting under the National Pollutant Discharge Elimination System for treatment and discharge of contaminated water.

2001 - 2005

FIELD GEOLOGIST, HALEY & ALDRICH, INC., BOSTON, MASSACHUSETTS

As a field geologist, I have expertise providing field oversight and management related with geotechnical and environmental sampling and characterization using a wide variety of soil, sediment, bedrock, porewater, groundwater and surface water exploration techniques, over various geologic settings. Also as a field geologist, I provided construction monitoring on various foundation construction, remedial and environmental compliance projects, overseeing contractors and other field staff during numerous complex projects.

2000 - 2001

FIELD/CONSTRUCTION GEOLOGIST, THE GEOTECHNICAL GROUP, NEEDHAM, MASSACHUSETTS

As a paid co-op/intern, I provided construction monitoring on various foundation construction at several development projects, overseeing contractors and other field staff on behalf of the project owner/developer and the project environmental and geotechnical engineers of record.

PROFESSIONAL REGISTRATIONS

2014, State of New Hampshire: Professional Geologist (Reg. No. 854)

PROFESSIONAL SOCIETIES

Massachusetts Licensed Site Professionals Association (LSPA) Associate Member

SPECIAL STUDIES AND COURSES

40-Hour OSHA Hazardous Waste Operations Training

8-Hour OSHA HAZWOPER Annual Refresher training

PRESENTATIONS, PUBLICATIONS AND PAPERS

- 1) "Using Groundwater and Surface Water Interactions to Inform Conceptual Site Model and Remedy Selection for Benzene Impacted Sediment," Mark Kelley, P.E. Project Manager/Senior Hydrogeologist, Ken Alepidis, P.G. Geologist, Haley & Aldrich, Boston, MA – 2019 Sediment Management Work Group Fall Sponsor Forum, October 2019.
- 2) "Demonstrating Contaminant Degradation at an MGP Site with Metabolic Flux and Radio Carbon Dating," Sean M. Carroll, Aaron D. Peacock, Julio Zimbron, Kenneth N. Alepidis, Jeffrey A. Clock, REMEDIATION, Spring 2017

- 3) "Passive Adsorbent Based Sediment Pore-water Sampling," James Whetzel, Amplified Geochemical Imaging, LLC, Elkton, MD; Kenneth Alepidis, Haley & Aldrich, Boston, MA; Kathryn West, URS, Deepwater, NJ, presented at the International Conference on Soils, Sediments, Water and Energy conference, October 2013, Amherst MA, Session #2.

Sherri Dalton

From: Cruz, Ramon <Ramon.Cruz@mwra.com>
Sent: Monday, November 04, 2019 3:20 PM
To: Sherri Dalton
Subject: Clean Lake Committee.

Good morning Sherri

I am interested in the Clean Lake Committee.

I started my career in Authority 15 years and have held several positions since then. All my experience in Quality Assurances as well as Operations support has given me the knowledge and skills to exceed expectations in such a position as this. I look forward to speaking with you, further regarding this available position.

Thank you for your consideration.

Sincerely,
Raymond Cruz

Town Council
Town of Wakefield
1 Lafayette Street
Wakefield, MA 01880

Dear Town Council,

The Traffic Advisory Committee (TAC) held a meeting on Friday, November 1, 2019. A number of issues were discussed and we request your approval for the following recommendations:

1. The TAC discussed parking in front of the new development at 642 Main St. Current signage that reads "No Parking" is unclear since the area was redeveloped. The TAC recommends a "No Parking Here to Corner" sign be installed ten (10) feet south of the fire hydrant with an arrow pointing north toward Dunkin Donuts and Nahant Street. The TAC also recommends the one parking space available prior to the new sign be painted to make it clear that only one vehicle has room to park in that space. This will eliminate confusion and keep the fire hydrant and driveway to Dunkin Donuts clear.
 2. The TAC discussed the continued efforts to improve parking in town. Based on that discussion and a great deal of public participation the group recommends approval of the following streets for residential parking permits:
 - Pitman Ave.
 - Cedar St. from Albion to Chestnut St.
 - Murray St.
 - Oak St. to Greenwood Ave.
 - Chestnut St. from North Ave. to Cedar St.
 - Gould St. from Albion St. to Cedar St.
 - Greenwood Ave.
 - Emerson St. from Gould to Chestnut St.
 3. The TAC received a request from Melrose DPW Director Rick Stinson and Melrose City Engineer Elena Ellis for a stop sign at the intersection of Hawes Avenue in Wakefield and Hawley Rd. in Melrose. The intersection is shared by both communities.
-

WAKEFIELD POLICE DEPARTMENT

One Union Street, Wakefield, Massachusetts, 01880

Emergency: 911

Business: (781) 245-1212

Fax (781) 245-1299

Direct Line: (339) 219-4525

janderson@wakefieldpd.org

Joseph A. Anderson

Lieutenant

Currently, this four-way intersection only has one stop sign on Hawley Road and it is not clear who has the right of way. The City of Melrose provided the TAC with a list of several recent complaints from both Melrose and Wakefield residents regarding this intersection.

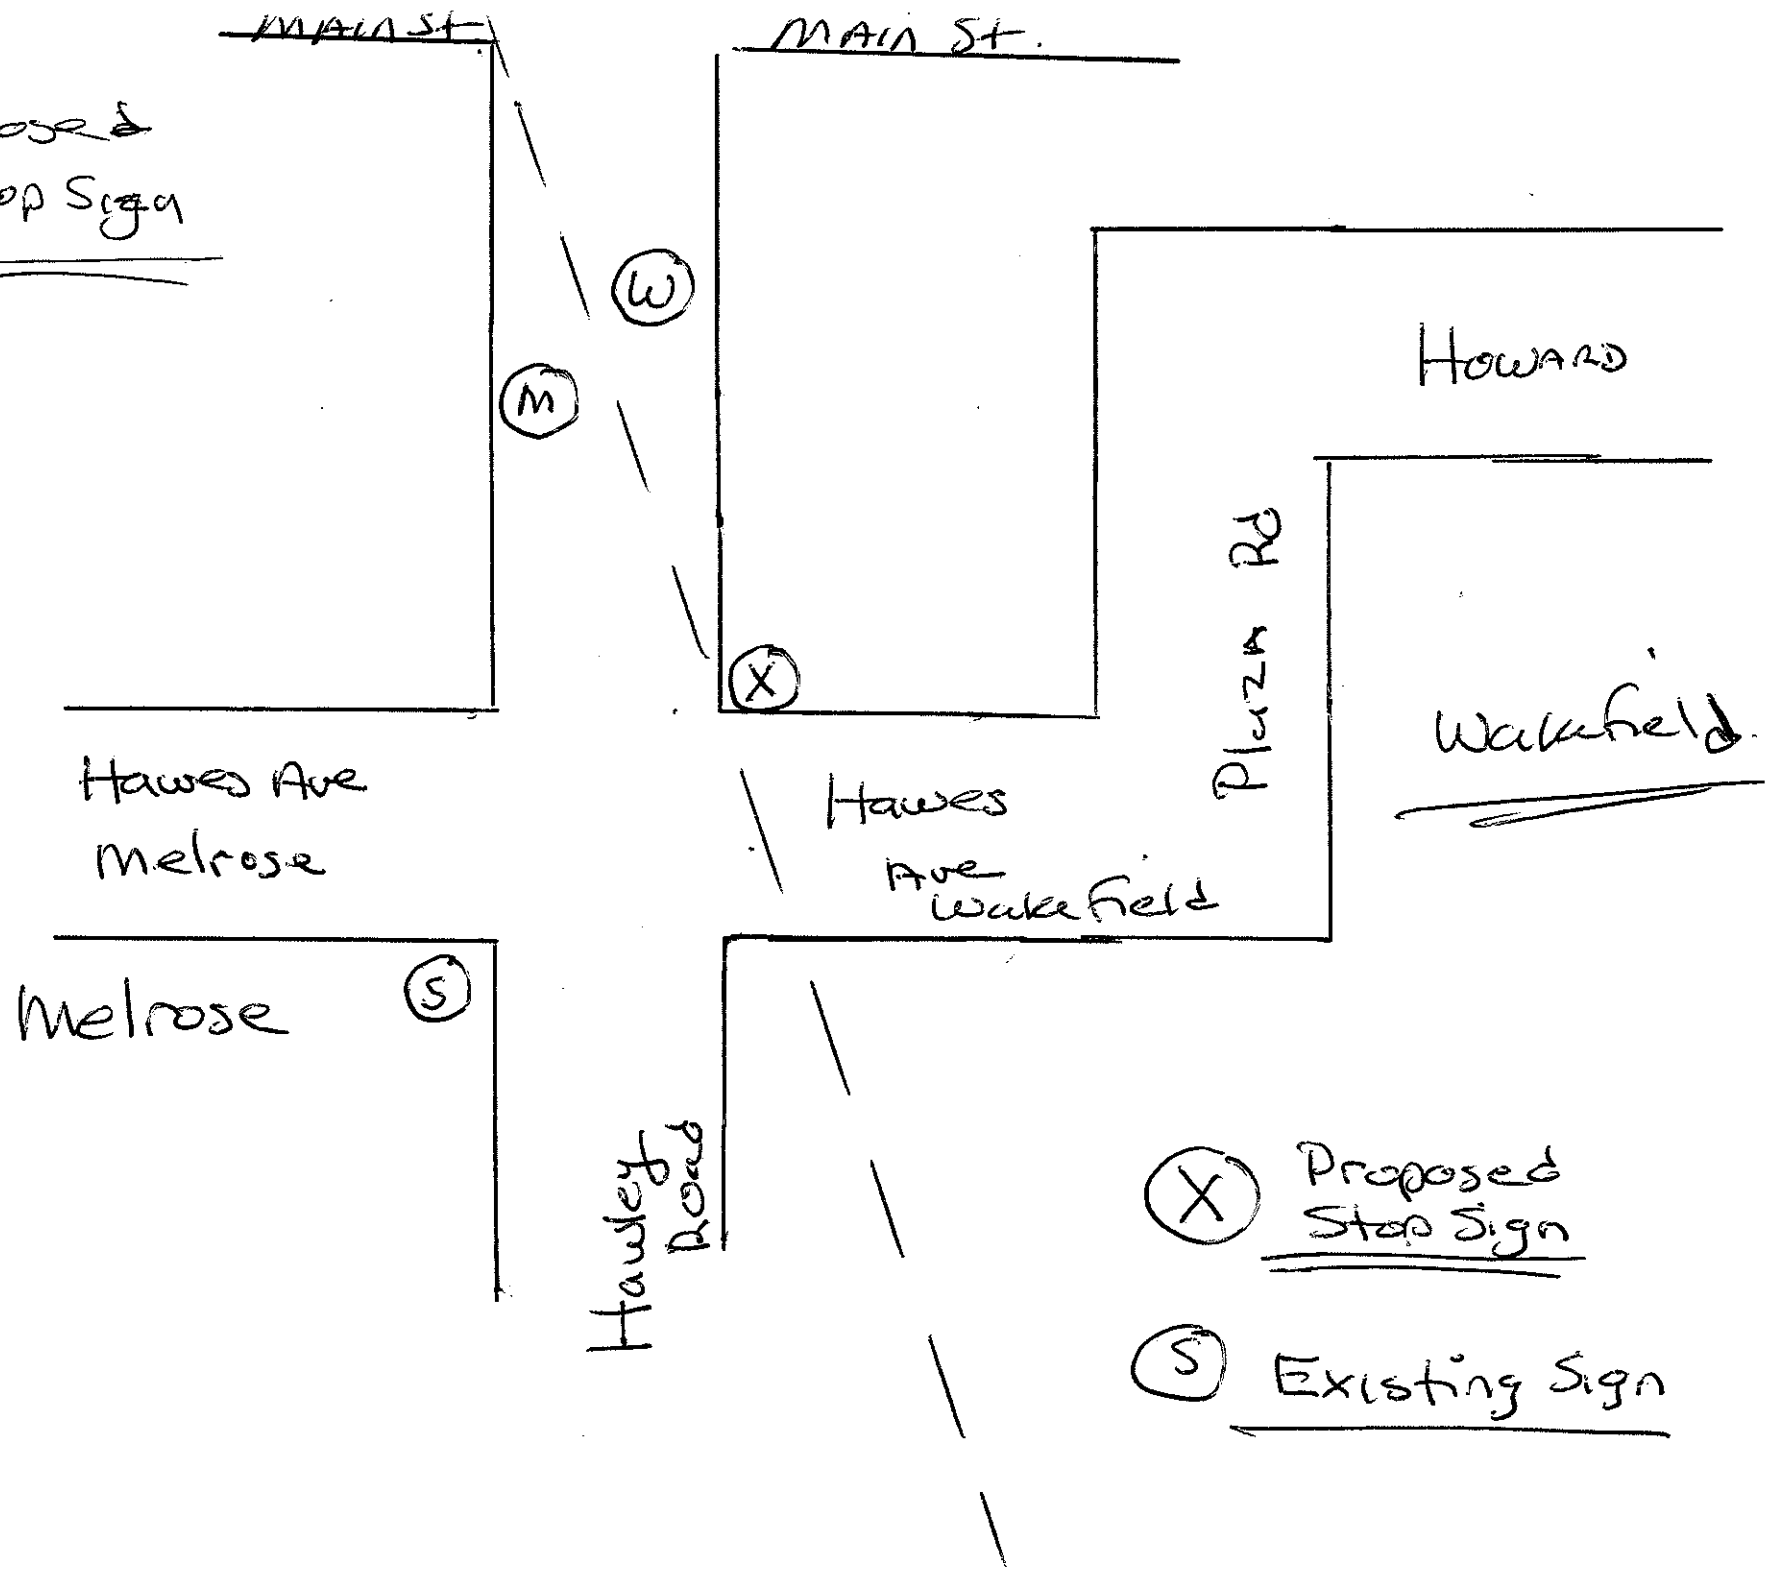

Melrose could install the sign in their City however the location would not be ideal.

The TAC recommends a stop sign be installed on the southern end of Hawes Avenue at the intersection of Hawley Road.

Respectfully Submitted,

Lt. Joseph A. Anderson
Chairman
Traffic Advisory Committee

Memo to: Town Council

Re: Filming of Board Meetings at Town Hall

Date: November 25, 2019

From: Steve Maio TA

As the Council is aware, a request at the November 13, 2019 Town Council Meeting, Councilor Smith-Galvin requested an update on the advancement of providing filming of public meetings held at Town Hall. A number of issues need to be resolved and WCAT and our IT department have been meeting to resolve the issues. Because, the equipment in the first floor conference room at Town Hall is no longer serviceable, WCAT issued an RFP for the upgrades in October. I am enclosing the one submission received. If we decide to pursue this path, the upgrades would allow for an expansion to the second floor conference room in the future. The system if purchased, would allow for meetings at the first floor conference room to be filmed in one of three methods, on site, from the studio at WCAT or the system could be managed from a laptop. Some items to consider:

- 1) We will need to appropriate funding for the improvements. WCAT is eager to film and present the meetings but given the nebulous state of the pass through overall funding (federal regulations), WCAT is concerned with the overall financial picture of community cable.
- 2) The filmed area for now is limited to the first floor conference room at town hall.
- 3) We should consider what boards/committees will be filmed as WCAT will need to "staff" the meetings. Keep in mind that filming these meetings may take WCAT personnel away from other public events. With the staff at WCAT at a relatively small level, WCAT will need more volunteers. We at Town Hall and the Town Council should assist with these recruiting efforts.
- 4) WCAT prefers and certainly in the interim encourages other committees to meet at their studio.
- 5) The meetings will not be shown live but will be scheduled on WCAT and on YouTube at a later date.
- 6) The Capital cost is \$30,987.00
- 7) We will still need to test the system but if implemented we will be up and running within a month of funding.

Happy to discuss further.

Narrative & Overview

Access A/V of Concord, NH is pleased to present this proposal for the upgrade of equipment at Wakefield Town Hall for live and recorded meetings from the meeting room chambers.

Access A/V is the largest New England dealer/integrator for the installation of PTZs and HD equipment. In fact, Access A/V installed the equipment currently found in the town hall as well as the CASTUS playback server area at WCAT. Additionally, Robert Haigh our Product & Facilities Specialist served as WCAT's Executive Director for 15 years and is intimately familiar with the equipment and requirements of this project. Our installation teams have vast experience and are all Access A/V employees. We do not hire freelancers or contractors for our projects and our labor and installation carries a full year warranty.

We additionally offer an exclusive "Loaner Program" not offered by our competitors. Should the equipment we install or provide suffer a catastrophic event while under warranty- such as flood or power surge, we will provide loaner equipment during the time your equipment is out for repair. Many of our customers site this offering as a large part of their decision to go with Access A/V.

In preparation for this proposal, Access A/V met with WCAT's Ian McDermott for a walk thru of the room and a discussion on the system requirements on October 28th. We have designed this proposal to meet the objectives and goals as outlined in the Project Scope and Project Description found within the October 22, 2019 RFP.

Please also note that Access A/V is a qualified vendor on the State of Massachusetts bid list for CommBuys purchasing. OFF 40 Contract Vendor # 000917

Project Scope of Work

A segmented Scope of Work can be itemized upon acceptance, but the SOW is included in its entirety within the project quotation. Please see the notes at the bottom of the quote.

The system is designed for a novice operator to power on the system at town hall and begin operation with no regular configuration or settings adjustments required. Touch screen operations are available but not spec'd within this proposal. Independent switcher and PTZ controls are utilized with a small-footprint, simple device from Skaarhoj. The NewTek TriCaster Mini system, one each located at both town hall and WCAT contain all features one would expect for live meeting coverage including graphics, streaming & record, audio input & embedding, PiPs and 2 DSKs. The system can be operated both locally, and/or from WCAT offices simultaneously or independently. Minimal or no audio adjustments are required and the existing projector signal will be converted and available as an input to the switcher. Upon acceptance of the project, Access A/V and WCAT can explore the reduction of the physical requirements at town hall to a single rack footprint. Finally, the system can be configured such that a default startup procedure would allow a single wide shot to begin recording and transmission without additional input from an operator.

RFP Timeline

Access A/V is positioned to meet the goals & timelines of the project as noted in the RFP.

Please note that end of the calendar year is a busy period and that timeline may need review at the time of choosing a vendor. The project installation is estimated to take no more than 4 days. Additional networking configuration and system training may encompass one additional day. Access A/V is available for tech support and additional initial training without additional recurring expense or maintenance fees.

Budgetary Considerations

The items noted on page 5 of the RFP are all inclusive to the quoted services.

There are no annual or monthly recurring costs required as part of this proposal.

Extended warranties and NewTek Pro Tek Services are available as an optional expense per customers wishes.

Project & Bidder Qualifications

Access A/V remains the most qualified and experienced vendor in building robotic cameras and AV equipment for live and recorded meetings in the Northeast region. Locally, we have recently completed, or are engaged in similar projects in Reading, Medford, Needham, Raynham, Taunton, Methuen, Uxbridge, Franklin, Andover, Burlington, Bolton, Townsend, Nashua and many other communities & town halls. We have been in business for 11 years as Access A/V, and our owner and staff members have been engaged in the Community Media/Access market for well over 35 years each.

We are a preferred vendor for all of the manufacturers that Wakefield might consider in this project. We have designed the system for ease of integration and for secure and reliable tie-in to the CASTUS playback server located at WCAT. Access A/V is the exclusive dealer for CASTUS servers in the region. Ease of use has been considered in this project, but the system has levels of features that are built-in should experienced staff members wish to employ more complex Functionality.

The particular system design, calling for local and remote operations is a relatively new concept in the access market and Access AV is well versed to address the available products from multiple manufacturers. Both Burlington MA and Reading , MA are using some form of remote access to the interface and PTZ cameras. Both may be ideal communities to discuss their experiences with the system and with Access A/V. Both systems have operators controlling the equipment at town hall from the Access Studios located a few miles from each other. There are both similarities and differences to both systems and to the Wakefield requirements.

The project will touch most of the Access A/V team should we be selected-

Brad Jett is our **General Manager** and together with **Jennifer Rossetti** our **installation team dispatcher**, the coordination of the tech team members will occur at the awarding of the project. Prior to the installation, the town and WCAT will meet with **Robert Haigh, Product & Facilities Specialist** to review, confirm and discuss all items in detail to prepare to the ordering of the equipment and question related to research or alternative products. Robert will also provide a full day of training and tutorial services on all new systems at both locations after the project work has been completed. **Jon LeDuc** is our **Networking and IT specialist** and may be engaged for configuration, IT coordination with the town, and network troubleshooting if necessary. Finally we anticipate two or three Access A/V install team members will be doing the physical work of mounting, wiring and engineering the system at both town hall and WCAT. At the completion of the project **Sue Kochmal**, will handle the financial invoicing and receivables.

About the Project Components:

The video environment is rapidly changing with merging digital capabilities of A/V and IP based transmission and delivery methods. Much of the current landscape is being pioneered by NewTek, their TriCaster system and the introduction of the NDI protocol. (Network Device Interface). This technology has been adopted by leading and well known manufacturers including Sony, Panasonic, JVC, Marshall, CASTUS, AJA, Avid, LiveU and many others. NDI allows multiple systems to “talk and be seen” by other systems and permits independent and simultaneous operation as described in this project. Both Burlington and Reading Town Halls (and others) are making use of this technology for remote access to the camera systems. It is the core aspect of our proposal. Access A/V is an Elite Dealer for NewTek and the leader for sales, training and support in all of New England. We are the only certified repair center for NewTek in the region as well.

With over 30 years of reliable products from their San Antonio, Texas headquarters & manufacturing plant, the TriCaster will provide a small footprint, yet a powerful and user-friendly operating system and interface. With up to 12 external inputs via HDMI and NDI; built-in graphics; audio; clips; live streaming capabilities; HD quality and remote access, the TriCaster is a natural for both pricing and features. There are many PTZ cameras (pan, tilt, zoom) on the market, but the Panasonic AW HN38 HKPJ is a great value and has a reliable track record. The Skaarhoj controller, while relatively new to the Access market, was one of the early adopters and partners of NDI technology. Skaarhoj is well know for high end remote controllers for the broadcast industry. You'll find this system in Burlington, MA. as well. For audio, the size and dimensions of the meeting room at town hall lends itself to new audio technologies known as Mic Array systems. 8 microphones, housed in a single chassis, provide full and quality audio coverage for all participants around the SelectBoard table. To assure primary audio coverage of the chairperson and the guest presenter, two wireless Shure mics will additionally be incorporated.

The system will require 2 strand of fiber between the Town Hall and WCAT and a shared IP Address network scheme for NDI connections and interface.

WCAT will identify a location within their offices for the operations of the TriCaster Mini to be located there. The lobby area counter surfaces may provide an adequate space for this purpose. Another option may be a mobile cart with all equipment which could be located to any available space within WCAT- offices, equipment or conference room or even the studio itself.

Primary Product Components

The NewTek TriCaster Mini Advanced HD-4 is a compact, all-in-one multimedia solution that allows you to simultaneously broadcast, stream, and record live productions from virtually anywhere. The eight-input switcher makes it easy to switch between four HDMI or eight NDI video sources, mix audio, add graphics and titles, and add advanced effects like virtual sets and animated transitions. Using the same intuitive and fully featured control software as the rest of the TriCaster professional line, the TriCaster Mini is suited for both new users and seasoned pros.

Skaarhoj Rack Fusion Live

- Four-way buttons with OLED legends
- High-quality backlit encoders with wide OLED displays
- 3-axis joystick
- Transition fader with RGB LED bar for transition position or VU metering
- ME section with multi-level shift, and user keys
- Multi-function keys for pre-sets and camera selection
- Rack unit or desktop console in one
- Ethernet with PoE (IEEE802.3af)

Panasonic AW-HN38HKPJ

NDI (Network Device Interface) goes beyond simply sending video over IP, and instead of just encoding video to travel along Ethernet cable, NDI also encodes control, tally, and PoE+. In addition to having to run fewer cables without needing to route power, video, and control to each camera location, now you can connect your camera to your network and have full control. NDI|HX brings automatic discovery, ultra-low latency video transmission, PTZ control and tally, all with a single Ethernet cable.

ACOUSTIC MAGIC 101 Voice Tracker v1 Array Microphone

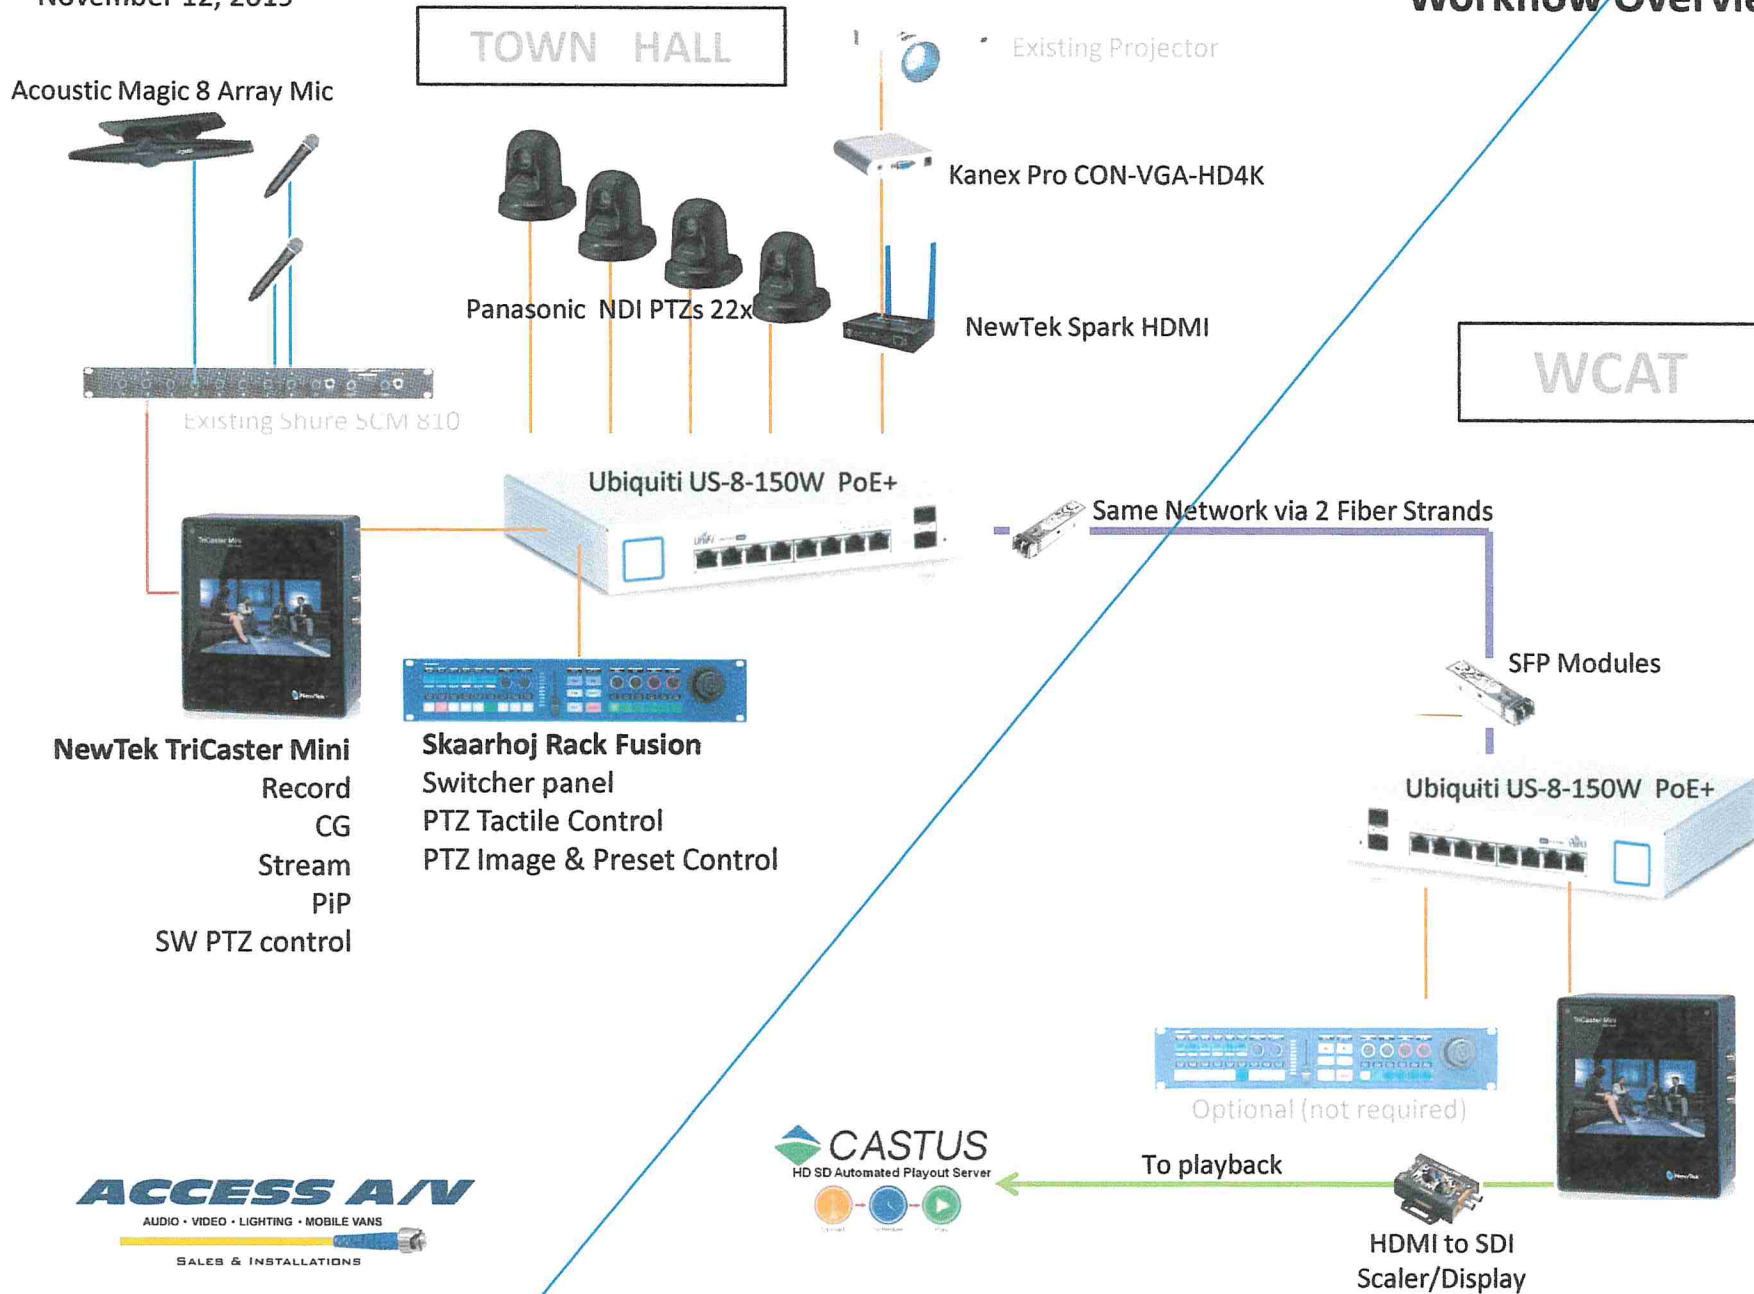

The magic in the Acoustic Magic Voice Tracker™ array microphone resides in the algorithms running on its internal DSP that enable it to form a listening beam and automatically and electronically steer that beam towards the active talker. This creates spatial filtering, which when combined with the 6 or 8 always on microphones in the array, create pickup ranges of 30 feet with a 360° field of view.

TOTAL COST: \$ 30,987.00

This price quote is valid until **December 15, 2019**

**Access AV is the exclusive NewTek Elite Partner Service Center in New England
 all other NewTek Elite Partners in NE must send service units in + out of warranty to Texas for repair
This Installation includes 1 Year Parts and Labor Warranty

Please note payment schedule

35% due at project signing/PO	\$10,845.00
55% due at installation completion	\$17,043.00
10% due upon punchlist completion & systems training	\$3,099.00
Total	\$30,987.00

Scope Of Work

Remove SD gear and wiring from town hall equipment racks
Install 4x HD PTZ camera and cables
Install and wire up TC Mini and monitors in rack, test
Install TC Mini #2 at WCAT- Use existing display(s) as available
Retask one Shure SCM 810 and install new audio components, test
Retask existing projector and screen, use converters to add signal to switcher
Verify network IP addresses and test signals- Live and Record

Notes:

* Monitor makes & models pricing varies weekly
System as spec'd requires both Town Hall and WCAT switchers/PTZs/controllers to be on the same network
Retask existing Shure SCM810, Middle Atlantic Power Supplies, racks & shelves

** Some project aspects TBD in communication with town IT staff

Dear Councilors:

In accordance with Chapter 44, Section 53A of Massachusetts General Laws, the Board of Library Trustees requests approval to accept and expend a gift or gifts to the Library as indicated on the attached form bearing the above date.

Thank you for your consideration.

Very truly yours,

Catherine McDonald
Library Director
