## MUNICIPAL FINANCE TERMINOLOGY

The following terms are frequently used in the Annual Town Report and at Town Meeting. In order to provide everyone with a better understanding of their meaning, the following definitions are provided:

**Excess and Deficiency (usually referred to as Surplus Revenue):**

This fund represents the amount by which the Cash, Accounts Receivable and other assets exceed the liabilities and reserves.

**Available Funds (often referred to as "Free Cash"):**

Available Funds is the amount certified annually by the State Bureau of Accounts by deducting from surplus revenue all uncollected taxes for prior years. This fund may be used by a vote of the Town Meeting.

**Reserve Fund:**

This fund is established by the voters at an Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy for the preceding year), (b) money transferred from the Overlay Reserve, or (c) both. It is used for extraordinary and unforeseen expenditures.

"Extraordinary" covers things which are not in the usual line, or are great or exceptional. "Unforeseen" includes things which

were unforeseen as of the time of the annual meeting when the appropriations were voted. The reserve fund amounts to the omnibus appropriation to be parceled out by the Finance Committee where it feels a requested transfer is one in which a special town meeting, if called, would approve, thereby saving the delay and expense of a special town meeting.

**Cherry Sheet:**

Named for the cherry-colored paper on which the Massachusetts Commission of Corporations and Taxation traditionally has printed it, the cherry sheet carries the figures which must be used by the Assessors in determining the amount to be raised by taxation.

It lists the amounts of county tax and state assessments, as well as the estimated tax distributions from the General Fund, reimbursements, agency funds, and the Sales and Use taxes.

**Overlay:**

The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted and avoiding fractions.

## FOREWARD

In matters of public finance, it is not just the amount of an expenditure or budget but also the timing and governance that must be considered. The budgets and articles presented to Town Meeting for Fiscal Year 2021 and the Finance Committee's recommendations are enabled by the governance successes of prior fiscal periods. They are also enabled by anticipated developments in future periods such as the scheduled retirement of certain building related obligations from our debt service fund over the upcoming years. In normal years I would have then written "We are positioned well to undertake the strategic enhancements these budgets and certain articles include." But these are not normal times.

National and statewide dynamics provide context and contrasts against which to view the Town of Wakefield's FY 2021 budget. At both levels the current condition of and required investment in infrastructure is now a matter of considerable debate and great concern. The amount of revenue available for meeting infrastructure needs will be limited, and may be less than what is available for FYE2020. The Capital Outlay proposal is half what we would normally recommend. The other targeted infrastructure projects demonstrate a responsible attention to required maintenance that enables critical operations that benefit every citizen. Sunday hours at the Beebe Library have been eliminated. Proposed new positions are being delayed and, through attrition, some departments will be smaller.

Both expected aid from the State and revenue from local receipts (Excise taxes, Hotels and Meals taxes, Fees, etc.) are expected to be \$1 million less than what we will receive for FYE2020. There are many building projects occurring across the town. These are expected to increase our property tax revenue base by about \$2.5 million. However, there is a non-zero probability that those projects will be delayed, pushing the expected revenue out to future years. We will continue to monitor state aid projections, local receipts, building projects and assess their potential impact on the Town's budget in the coming years. We hope to be able to enhance services and investment in our infrastructure during the Fall Town Meeting. There is also a risk that additional cuts will be required following this Town Meeting.

We also noted, however, our appreciation that the Superintendent, WPS Business Manager and Town Administrator continue to find ways to offset enhancements with cost savings or new revenue sources. These efforts will need to be continued because the Capital needs for the Town over the coming years is very large. Our current reserves and our high bond rating are cause for optimism for the Town's ability to maintain services and undertake these important projects, while minimizing the impact on taxpayers.

Budgets presented to Town Meeting are the result of many hours of collaborative effort. On behalf of the Finance Committee, I would like to thank Town Administrator Steve Maio, Town Accountant Kevin Gill and Town Treasurer John McCarthy. We offer our thanks to the department heads, the Town Council, the School Committee, Superintendent of Schools Doug Lyons, the Capital Planning Committee, the Library Trustees as well as David DiBarri, Superintendent of the Northeast Metropolitan Regional Vocational School.

The Finance Committee extends its special thanks to those of you attending Town Meeting. It is with your responsibilities to deliberate and conclude on the merits of these appropriations in mind that we conduct our inquiries, analyses and offer our recommendations.

Sincerely,

Daniel Sherman  
Finance Committee Chairman

Town Council to make Motion.

**NOTES**

## Procedure of Town Meeting ...

The Moderator, an elected town official, presides at Town Meetings. He/she begins by reading the call for the meeting. Usually a motion is made to waive further reading of the warrant\*, with the exception of the constable's return (which the law demands be read), and the motion is carried. Articles in the warrant are taken up in the order as they are printed in the warrant unless otherwise decided by a two-thirds vote.

The recommendations of the Finance Committee are available before voters discuss or act upon an article. For the Annual Town Meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations" and may be obtained at the Town Administrator's Office at Town Hall.

The presentation of, and recommendation on, warrant articles at Town Meeting are presented in the following order:

- (1) Presentation by the sponsor of the article, to present his/her case;
- (2) Recommendation (and discussion, if any) of the appropriate Town officer;
- (3) Recommendation of the Finance Committee, if money is involved.

The voters may then debate the question according to rules of parliamentary procedure prescribed by the town by-laws, such as:

- Stand, address the moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.
- Speak for no more than five minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.
- Speak not more than two minutes on any one of the following motions:

Motion to adjourn. Motion to lay on the table. Motion to take from the table. Motion to put the previous question. (These motions only are in order when a question is under debate. Total time allowed for debate on each motion is six minutes.)

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. Reconsideration of a vote may take place only at an adjourned session after written notice to Town Clerk within 24 hours; two-thirds vote required. The Moderator may request a voter to put his/her motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at town meeting is further governed by the rules of practice, pertinent to town meetings in "Roberts Rule of Order".

While Town Meeting has no role in deciding whether to hold a Proposition 2½ referendum, it may decide to appropriate money for certain purposes contingent upon the voters' approval of an override or bond exclusion under Proposition 2½. These contingent appropriations may be made from the tax levy, available funds or borrowing under the requirements of state law.
